

Since 2021

- Celebrated 50 years
- Track Reconstruction – Wendouree Parade and to the new Museum
- Overhead renewal – rest of Wendouree Parade and new Museum
- New bracket arms made and installed
- New Museum Building
- Exhibition installation
- Bungaree off site store
- Survived COVID-19 shutdowns
- Welcomed new volunteers

Tramcars

- ESCo 12 – Parts cast for a new truck
- SEC 13 – visited the Preston Wheel lathe
- SEC 14 – motor rewind
- SEC 34 – transferred from AETM – work assessed and being planned at MTPA
- MMTB 1029 – refurbished as a disability accessible and function tram.

The future (& remembering the past)

- More Solar panels
- Build the 21E truck for ESCo 12
- Refurbish trucks, wheels & motors
- Install more exhibitions.

It was a very quiet covid night on Saturday 19/9/2021 – 50 years after the last tram had left the Sebastopol terminus; though a tram gong was heard.

& Have more visitors too.
