Old site fire

Ride a tram in Sydney at the

SYDNEY TRAMWAY MUSEUM

Old site fire

- Deliberate arson. Multiple ignition sources.
- National Parks terminated lease. End of story for the site.
- The Sydney trams destroyed were C12 (built 1898), N710 (1904), K1295 (1912), Sydney R types 1741, 1819 and 1917 (1933-34) and Melbourne tram SW2 432 (1930).
- Buses lost included, a 1937 Albion single deck half cab chassis, Leyland double decker, m/o 2086, ‘Tramway Replacement’ buses, m/o 2788

Incidents

- Member fell from tower truck
- Full ‘safe work method’ statements required for ALL proceedures as part of the OTSI improvement notice.
- This will probably affect all Australian member museums as their SMS’s get audited by the regulator.
-

J675 runaway

- Subject to an ATSB investigation.
- Ian Saxon will present on ‘incident response’ based on this experience.
- Unable to provide details while investigation is in progress.

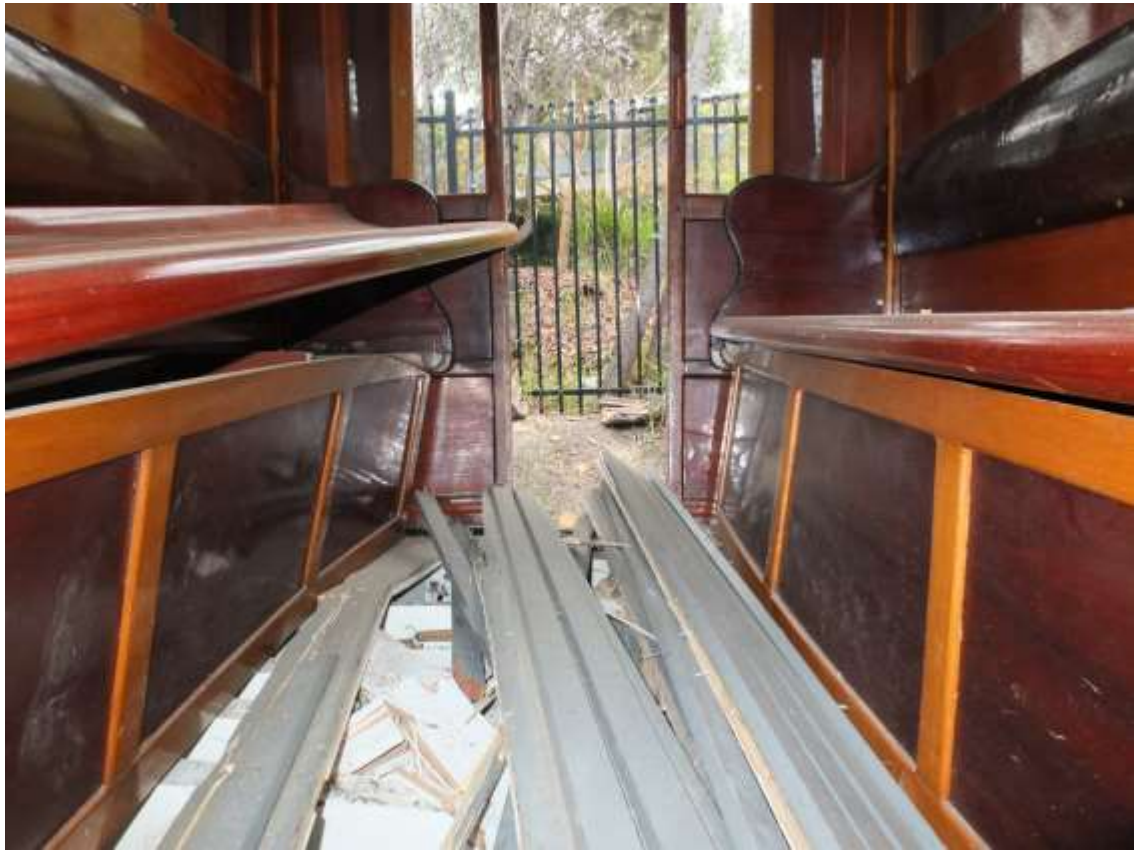

Ride a tram in Sydney at the

SYDNEY TRAMWAY MUSEUM

- The collision, unfortunately was convered by the local newspaper with photographs. Not good PR.
